Samstag
15 Uhr Party :)

On the left side of the kitchen, there is a long dark grey cabinet with a black countertop. On the countertop, from left to right, there is a stainless steel pot with yellow straws, a black sink with a chrome faucet, and a white stand mixer. Above the countertop, a black range hood is mounted on a light wood wall panel. A wooden shelf is also visible above the countertop.

The central part of the kitchen features a large window with a black frame. Behind the window is a wall of light-colored stone. In front of the window, a stainless steel refrigerator is centered. To the right of the refrigerator, several pots and pans are hanging from a metal rack. Above the refrigerator, a wooden shelf holds three potted plants in black pots. A central island with a black countertop and a wooden cutting board is positioned in front of the window. The island has a small basket of herbs and a cutting board with tomatoes and a knife.

The central island has a black countertop and open shelving below. On the countertop, there is a small basket of herbs and a wooden cutting board with tomatoes and a knife. Below the countertop, the island has three shelves. The top shelf holds a white bowl with a wooden spoon, a stack of white bowls, and a stack of white plates. The middle shelf holds a stack of white plates, a stack of white bowls, and a set of white cups and saucers. The bottom shelf is empty.

On the right side of the kitchen, there is a wall of light wood paneling. Two black ovens are built into the wall. Above the ovens, there are wooden cabinets with silver handles. The floor is made of large, dark grey tiles.
